TECHNICAL SKILLS

- **Front-End Technologies:** HTML, CSS, JavaScript, Bootstrap, ES6, React.js, React Hooks and Redux Toolkit, TypeScript, and Sass.
- **Back-End Technologies:** Python and Flask
- **Languages:** Java, Object oriented programming (OOPS), Python, SQL.
- **Frameworks:** React.js and Python Flask.
- **Version Control Tools:** Git and GitHub.
- **Problem Solving Skills:** Data Structures and algorithms in Java.

WORK EXPERIENCE - FRONT END DEVELOPER

Application Development Analyst | Accenture | Hyderabad

October 2021 - Present

- Developed Front end application using HTML, CSS, Bootstrap, JavaScript and React.js.
- Implemented page navigation from one page to other using React Router.
- Collaborated with backend developers to integrate RESTful APIs, ensuring seamless communication between the front-end and back-end systems.
- Created reusable functions for HTTP requests (GET, POST, PUT, DELETE) for use across the entire web application.
- Enhanced application performance by optimizing API usage, used local storage and session storage to minimize unnecessary API calls and improve data retrieval efficiency.
- Integrated react-toastify for user action notifications, improving user engagement.
- Improved application performance by implementing lazy loading techniques for dynamically importing the components.
- Implemented responsive design principles using media queries to ensure consistent user experience across various screen sizes and devices.
- Developed dynamic data visualizations using Apache ECharts aiding key decision-making through insightful charts
- Managed complex form submissions, adding validations and error handling to ensure data accuracy
- Implemented data storage and retrieval functionalities using SQLite3.
- Utilized Git for version control system
- Developed and fine-tuned a machine learning model using Random Forest Classifier, increasing its accuracy from 60% to 75% through hyperparameter tuning, contributing to improved decision-making capabilities.

PERSONAL PROJECTS

Expense Tracker Using Redux-Toolkit for Hands-on Redux Experience | [View Project](#)

- Developed an Expense Tracker Application using React.js for tracking all the expenses on categories like food, travel, movies, health, shopping and show them in a list and pie chart.
- Created a form component to take input from user and store in Redux store.
- Built a chart component to read data from Redux store and display in pie chart.
- Designed a list component to display all the expenses in an organized list from Redux Store.

EDUCATION

Nalla Malla Reddy Engineering College B.Tech – ECE CGPA : 7.07	2017 – 2021
Sri Prathibha Junior College Intermediate Aggregate: 95%	2015 – 2017
St.Agnes High School SSC CGPA : 8.5	2014-2015

ACHIEVEMENTS

- Received fast track promotion within 1 year in Accenture.

CERTIFICATIONS

- Frontend Developer React Certification from Hacker Rank | [Link](#)
- JavaScript certification from Hacker Rank | [Link](#)
- Java certification from Hacker Rank | [Link](#)

STRENGTHS

- Problem Solving Skills.
- Excellent Communication Skills.
- Time Management Skills.
- Passionate to learn new technologies
